# ADAPT II
## BENCH DESK SYSTEM

Adapt II is our vision for systems furniture in the contemporary office. Offering a new, flexible approach to office furniture design, it is perfect for matching desking with meeting tables and even executive desk design for the totally integrated look. Sleek and stylish with clean cut lines and balanced proportions, the Adapt II benching solution is a real stand out in the modern office environment.

Comprising a sturdy steel subframe and bench tops which take on a floating appearance, Adapt II offers a clean and minimal look to the workplace. Desk legs can be shared, making it an aesthetically pleasing, cost effective and practical system for high density office spaces, and the sliding top options allows for easy cable management from above the desk whilst still satisfying the demands of a busy organisation.

# **Details** & Features

## **25mm** Desktops

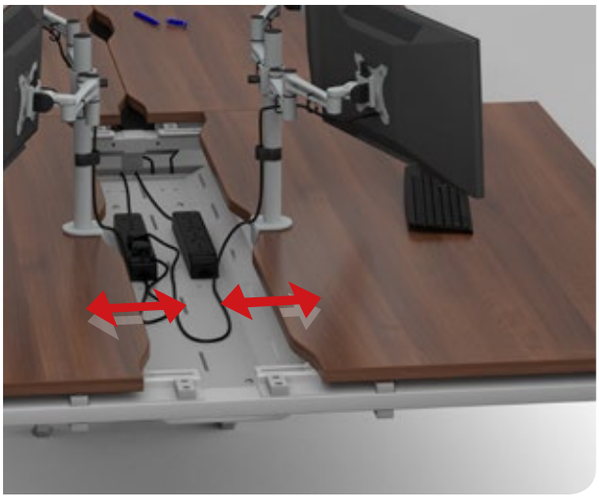
Featuring durable 25mm melamine worktops available in five finish options, with steel framework available in black, silver and white

## **Desktop** Cutouts

Each desk has three scalloped cut outs in the 25mm tops allowing cables to pass directly through to the cable tray and cable risers to ensure complete cable control

## **Cable** Management

Vertical cable management allows cables to rise from the floor via single leg and mass cable risers into shared cable trays to improve office aesthetics and safety



## **Optional** Sliding Tops

The desktops slide forward to a maximum distance of 125mm giving you greater access to the cable tray, allowing easy access from the top

## Start simple
## Then Adapt easily!

Offering choice is essential when creating a space for an agile workforce, and Adapt's thoughtful design and versatile components help you to do more with less.

The flexibility of bench desking allows for easy reconfiguration and expansion of the work area as one project is completed and a new team moves into the space.

## Start & Add

Each bench desk configuration starts with a starter unit which can be back-to-back desks, double back-to-back desks, or triple back-to-back desks.
Choose your starter unit width, depth and colour

Then simply add your add-on units.

## How it works

Today's benching solution has improved flexibility, mobility, and easy access to power and data, which make it the ideal solution for open plan offices to facilitate interaction and collaboration among workers. These desk clusters are available in numerous sizes, leg colours and desktop finishes, with screen options and bespoke cable management solutions – everything an office needs to create a happy, healthy, high performing working environment.

Please note:
Don't mix 600mm deep desks with 800mm deep desks, and don't mix 1200mm deep with 1600mm deep back-to-back desk clusters. You can't mix fixed tops and sliding top desks.
